

# ETHEREUM GOLD FINANCE

Whitepaper V3

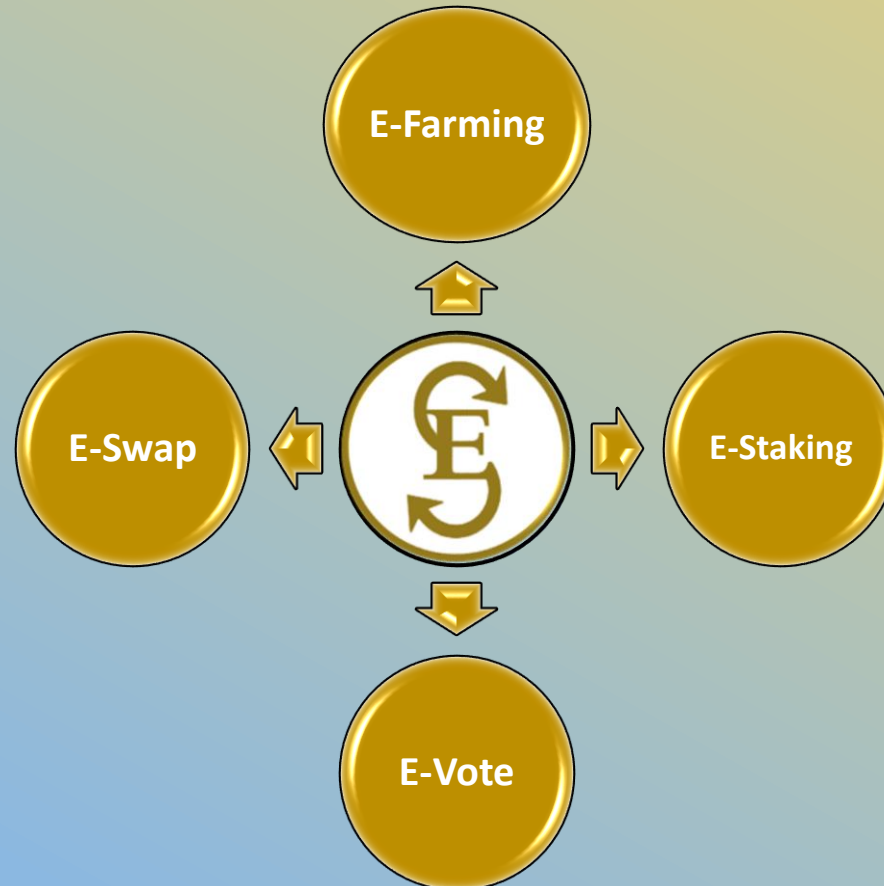

# Presentation :

- With the development of blockchains and the emergence of new technologies, we are announcing the completion of our project in a new ecosystem based on new DeFi token called ETGF .
- The new update of projects are DeFi , Yield Farming , Staking and Lending programs , which let crypto traders & holders earn free tokens , free money under secure protocols .

# What's ETGF ?

- Ethereum Gold Finance is a full reward ecosystem Controlled by ETGF token .

# ETGF Ecosystem :

- **E-Farming :**

Earn free ETGF tokens by providing liquidity in different pools .

- **E-Staking :**

By holding your favorite stablecoins USDT , USDC and DAI you can earn free ETGF tokens from our verified and secured pools.

- **E-Vote :**

We will create a forum to vote on-chain from users .

- **E-Swap :**

Will be a decentralized protocol for automated liquidity provision on Ethereum ( similar as Uniswap app ) .

# Roadmap :

# Token Details :

ETGF is an ERC20 created for a full reward ecosystem such as Staking & Farming to get free money returns

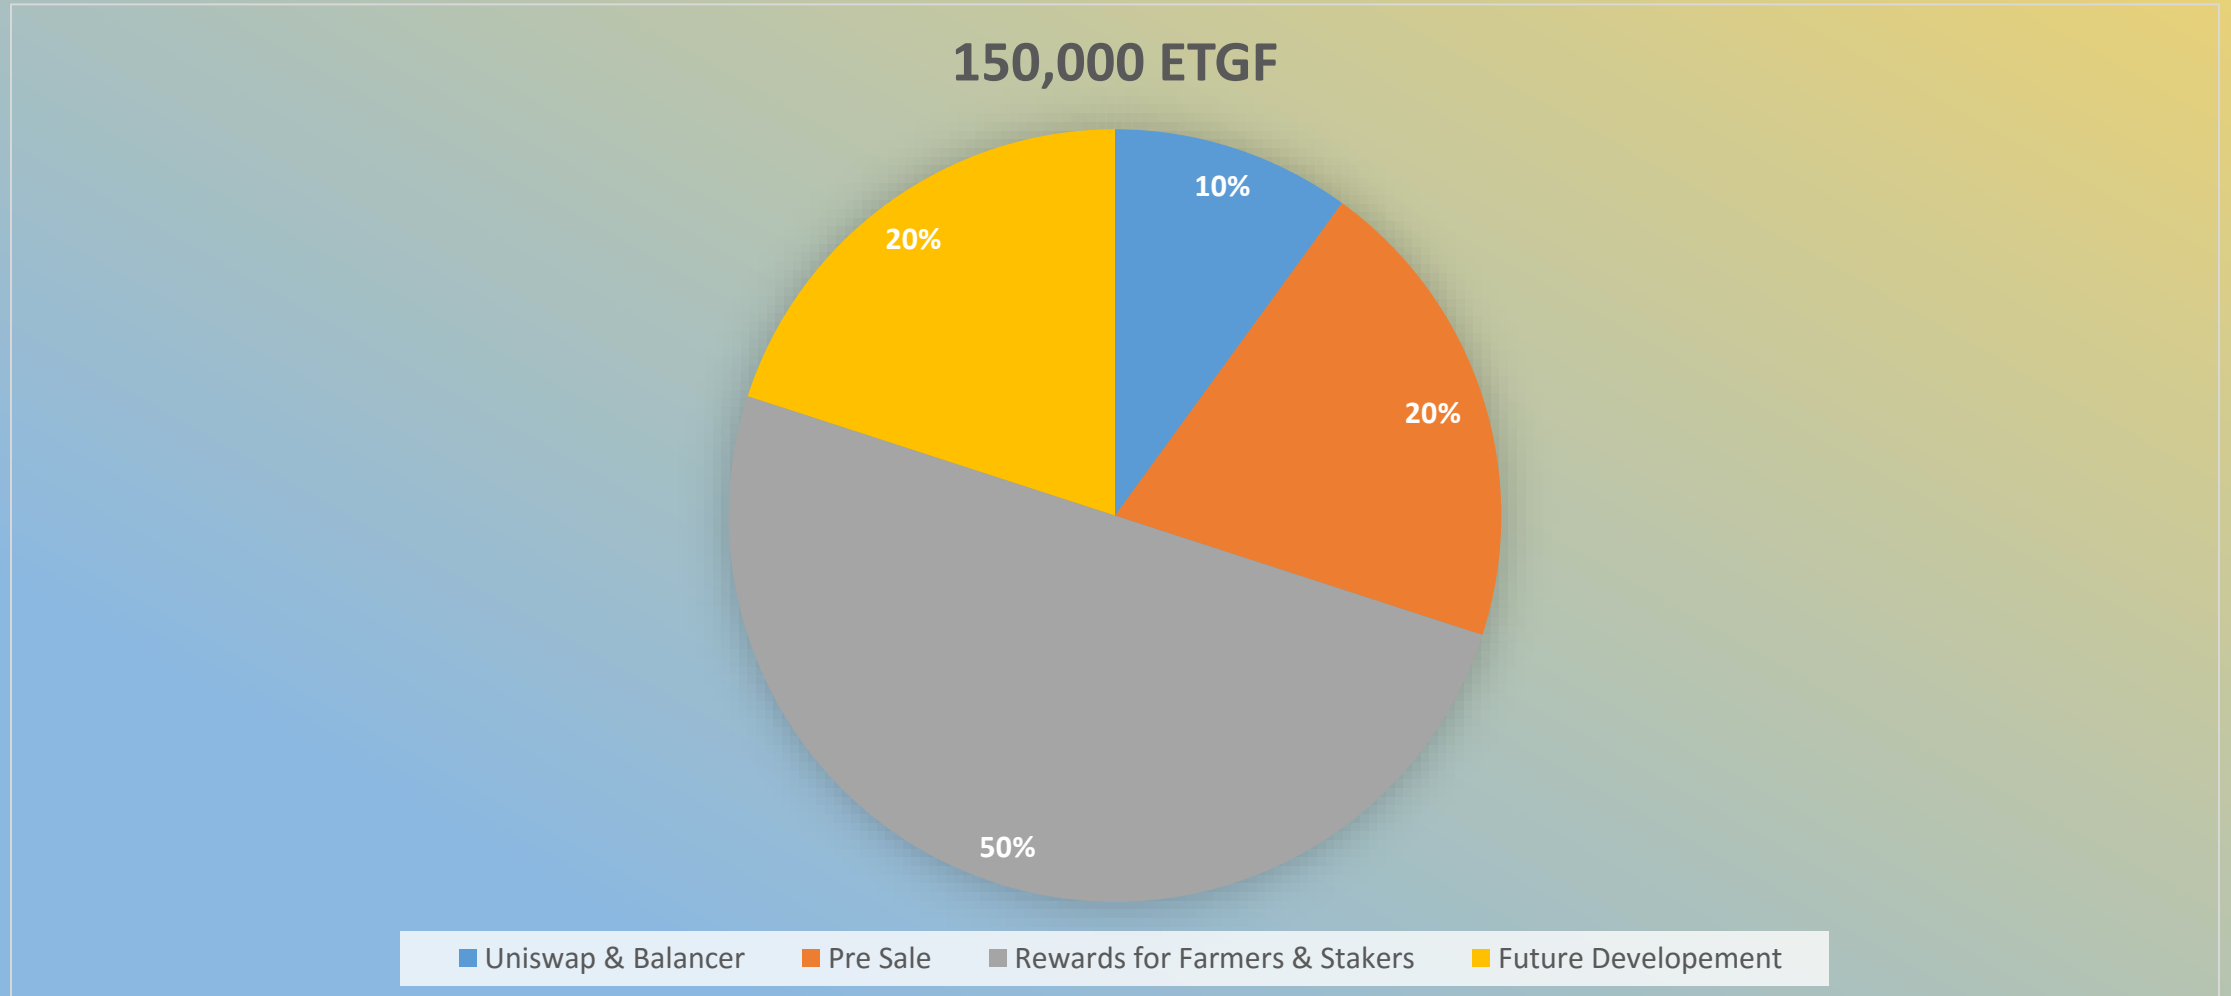

Reward pools contracts will be public on Github

All contracts will be audited by Certik OR Calisto

Contract :

0x74603e780545d02C4257E7D2BE19c74dE7BE1952

# ETGF Allocation :

## Pre-Sale :

- We will provide 30,000 ETGF tokens ( 20 % of total supply ) for Pre Sale .
- Total supply is : 150,000 ETGF .
- Price of ETGF : 3 \$ .
- Maximum contribution : 1,000 ETGF .
- Start : around 10 / 10 / 2020 .
- Duration : 7 Days .

75 % of hardcap will be included as a liquidity pool in the Uniswap & Balancer after the end of Pre Sale .

25 % of hardcap will be used for ecosystem developement ( E-Farming , E-Staking ) .

## Pre Sale Bonus :

- For contributor who will buy 1,000 ETGF will get 5% ( 50 ETGF as bonus ).
- For contributor who want to buy more than 1,000 ETGF contact us via telegram and he will get 7,5% bonus from the amount bought of ETGF.
